In re application of:

Thomas J. LA ROSA *et al.*

Appln. No.: 10/612,783

Filed: July 2, 2003

For: Nucleic Acid Molecules and Other Molecules Associated with Plants and Uses Thereof for Plant Improvement

Conf. No.: 2839
Art Unit: 1638
Examiner: Phuong T. BUI
Atty. Docket: 16517.288/38-21(53373)B

Petition to Amend Priority Under 37 C.F.R. § 1.78(a)(3)

Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants hereby petition to amend the priority claim in the above-captioned U.S. application under 37 C.F.R. § 1.78(a)(3). Authorization to charge the official fee for this Petition is given in the accompanying transmittal letter. A duplicate copy of this Petition is enclosed.

On May 6, 1999, the above-captioned U.S. Application (the “‘783 Application”) was filed and included a paragraph claiming priority to, and incorporating by reference, several applications, a copy of which paragraph is attached hereto as Exhibit 1. The priority claim was amended in Applicants’ Amendment, dated April 22, 2008. Subsequently, it was determined that the ‘783 Application shares common subject matter with additional applications presented in the priority claim of the application as filed, which this petition requests to add to the current priority claim.

In the Application Data Sheet filed herewith (the “ADS”), and in the Amendment under 37 C.F.R. § 1.115 filed herewith (the “Amendment”), Applicants have amended the claim for priority of the ‘783 Application to reflect the additional priority data determined by Applicants. As such, Applicants believe that the present Application is entitled to the priority claims as submitted in the ADS and respectfully request that the information in the ADS be entered.

Applicants note that priorities listed in the Application Data Sheet and Amendment submitted herewith reflect the additional priority data in the '783 Application as determined by Applicants.

Applicants assert that the entire delay between the date for making a priority claim under 37 C.F.R. § 1.78(a)(2)(ii) and the date such priority claim was made was unintentional, and respectfully request that the above-captioned U.S. Application be amended to reflect the priority for the invention now claimed.

Should the Commissioner require additional information, he is invited to contact the undersigned at the number provided below.

Thomas J. LA ROSA *et al.*
Appln. No. 10/612,783
